CONTROLLED MOTION

We help our customers find and implement the right mechatronic resources for their industrial applications.

Machine Programming

Turnkey Systems

Fabrication

- Aerospace Linear Components
- Linear Actuators
- Multi-Axis Robots
- Linear Guides
- Gantry Systems
- Telescopic Rails

- Planetary Gearboxes
- Hygienic Gearboxes
- Custom Gearboxes

- Vibratory Bowl Feeders
- Pre-Feeders
- Bowl Feeder Service and Spare Parts
- Centrifugal Feeders
- Bulk Storage Hoppers

- Rotary Index Tables
- Weld Positioning Systems
- Rotary Actuators

- Servo Motors
- Decentralized & Centralized Drives
- Engineering and Programming Services for Custom-Built Servo Systems
- Motion Controllers

- Gas Springs
- Rotary Dampers
- Dampers
- Shock Absorbers

- Material Handling
- Palletizing
- Welding - Arc
- Collaborative Robot
- Pick & Place
- Welding - Spot
- Painting
